ban that. You've talked about obstructions but one of the things, I think, that Senator Keyes talks about is at Buccaneer Bay was a real estate development. Now that...I don't see that in the bill. I want to ask that as a question.

SENATOR KREMER: Anything, Senator Syas, that is an obstruction, it could be a building, it could be...just not refers to dams, that comes under Chapter 46, the building of a big dam like Lake McConaughy. It does not refer to those things at all but it refers to any other kind of a structure, be it an earthen structure or a building made with brick or a building made with wood. Any thing that is an obstruction on the area that's delineated will be subject to a permit system. You need a permit before you can do anything.

SENATOR SYAS: Obstruction, that's what is bothering me. Is the SID an obstruction. I mean, you see, what we are trying in this state and what I've fought for 30 some years in this state is to keep...keep from allowing buildings in the flood plains and does this do that?

SENATOR KREMER: If it's a building of a house that you are referring to, yes.

SENATOR SYAS: I mean housing. I don't mean a house.

SENATOR KREMER: A house or a barn or a outside toilet, I don't care what you are talking about.

SENATOR SYAS: Ok. That's what I wanted to know.

SPEAKER: The chair next recognizes Senator Kelly and I would like to point out that the Speaker has indicated that he would like to get off of General File at 11:30 today and I have about four more lights on up here so I just wondered what the pleasure of the Speaker is. Shall we continue this until tomorrow. Before we hear from Senator Kelly, Speaker Burbach.

SENATOR BURBACH: You have how many lights lit yet, sir?

SPEAKER: I've got four more lights lit.

SENATOR BURBACH: Could I ask a question of Senator Kremer. Senator Kremer, do you yield to a question? You understand this bill. This is your bill, is that right? What would be your anticipation of time. Quite a few items to be discussed yet, is there?

SENATOR KREMER: I understand there are four or five lights on.

SENATOR BURBACH: But you are finished yourself. You are not explaining the bill, section by section, or anything like that?

SENATOR KREMER: No sir. I will if you want me to. It could take another half hour, I don't know.

SENATOR BURBACH: I move we move off of General File and discuss the issue at hand and if we do have sufficient time after we discuss the Committee on Committees, we can return to LB 308...108.

SPEAKER: There is a motion to go off of General File. Is
